This directory is for the information of health officers, physicians, nurses, and social workers so that they may be able to refer persons to clinics for the diagnosis, treatment, and post-treatment observation of the venereal diseases.

It is recommended for use by all persons and agencies who may refer persons needing medical care for these diseases.

The listing is by State and municipality. Following the name and address of each clinic, information on days and hours of clinic sessions is given in abbreviated form. Thus, *TTHFS 830 1030AM* means that the clinic holds sessions on Tuesday, Thursday, Friday and Saturday from 8:30 to 10:30 A. M. If the clinic holds separate sessions for syphilis and gonorrhea, males and females, whites and Negroes, children and adults, this fact is indicated by listing these sessions individually.

The types of patients who are eligible for treatment, the fee system and the diseases treated are also presented.

| CITY AND COUNTY                 | CLINIC NAME AND ADDRESS                   | DAYS AND HOURS OF CLINIC SESSIONS | SERVICE TO * | TREATMENT OF |            | FEE SYSTEM |          |     |
